

Creating Additional Assignments

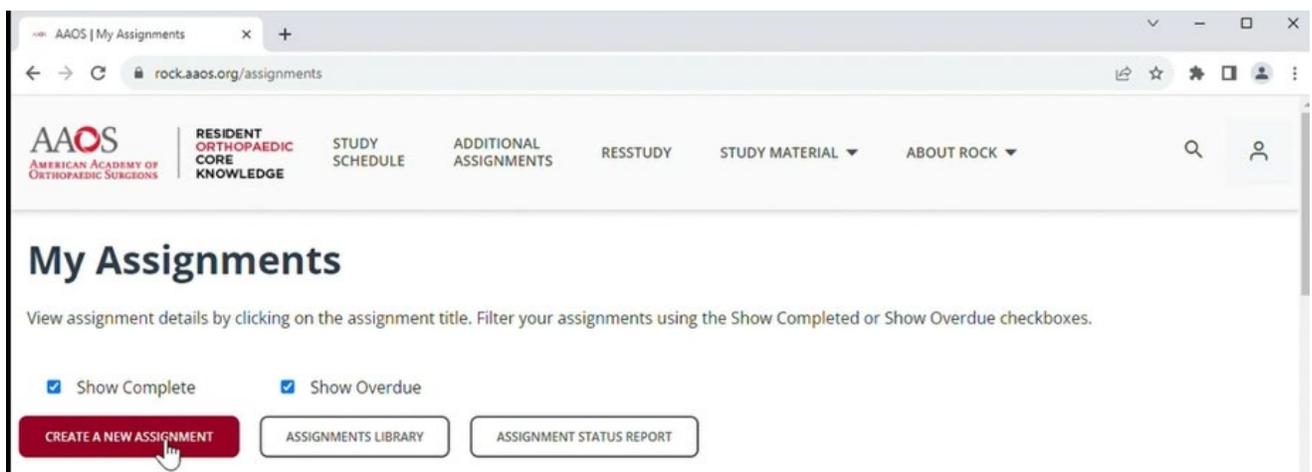

Due to program preference or after viewing the Reporting and Analytics Performance Dashboards, it may be clear that Additional Assignments on a specific topic would be helpful for an individual resident or several. Subscribing Program Directors and Coordinators may create Additional Assignments.

Any rock chapters or videos in combination with any external materials can become part of a specific Additional Assignment.

To create an Additional Assignment, from the main navigation menu, select Additional Assignments.

Then select Create a New Assignment.

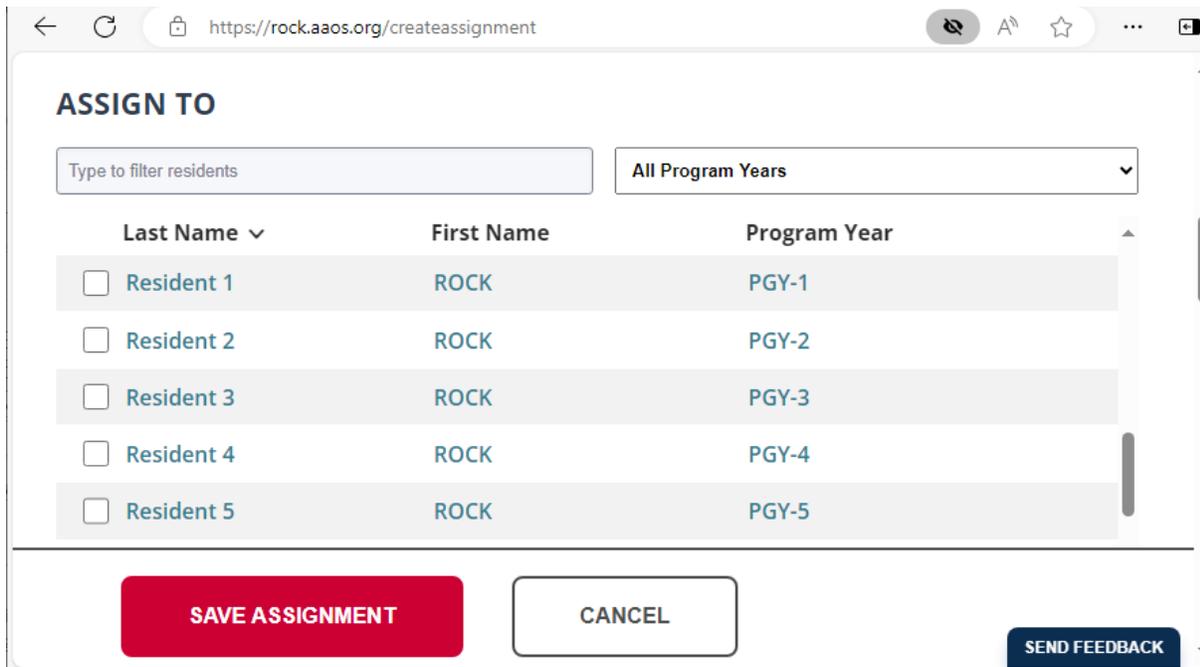

First, enter all required fields, including Assignment Title, Assignment Start Date, Assignment Due Date, and any Notes you wish to include.

The screenshot shows a web browser window with the URL `rock.aaos.org/createassignment`. The page header includes the AAOS logo and navigation links: **RESIDENT ORTHOPAEDIC CORE KNOWLEDGE**, **STUDY SCHEDULE**, **ADDITIONAL ASSIGNMENTS**, **RESSTUDY**, **STUDY MATERIAL**, and **ABOUT ROCK**. The breadcrumb trail reads **MY ASSIGNMENTS / CREATE ASSIGNMENT**. The main heading is **Create Assignment**, followed by the sub-heading **ASSIGNMENT DETAILS**. A red asterisk indicates a required field. The form contains the following elements:

- Assignment Title**: A text input field.
- Assignment Start Date**: A date picker showing `11/07/2024`.
- Due Date**: A date picker showing `11/14/2024`.
- Assignment Instructions / Notes**: A large text area for entering details.

Next, select which residents will receive the assignment. Filter by program year to see a list of residents only in that program year or begin to type in the search bar to narrow the displayed list of options. Tap or click the check box next to the last name to select each resident.

ASSIGN TO

Type to filter residents

All Program Years

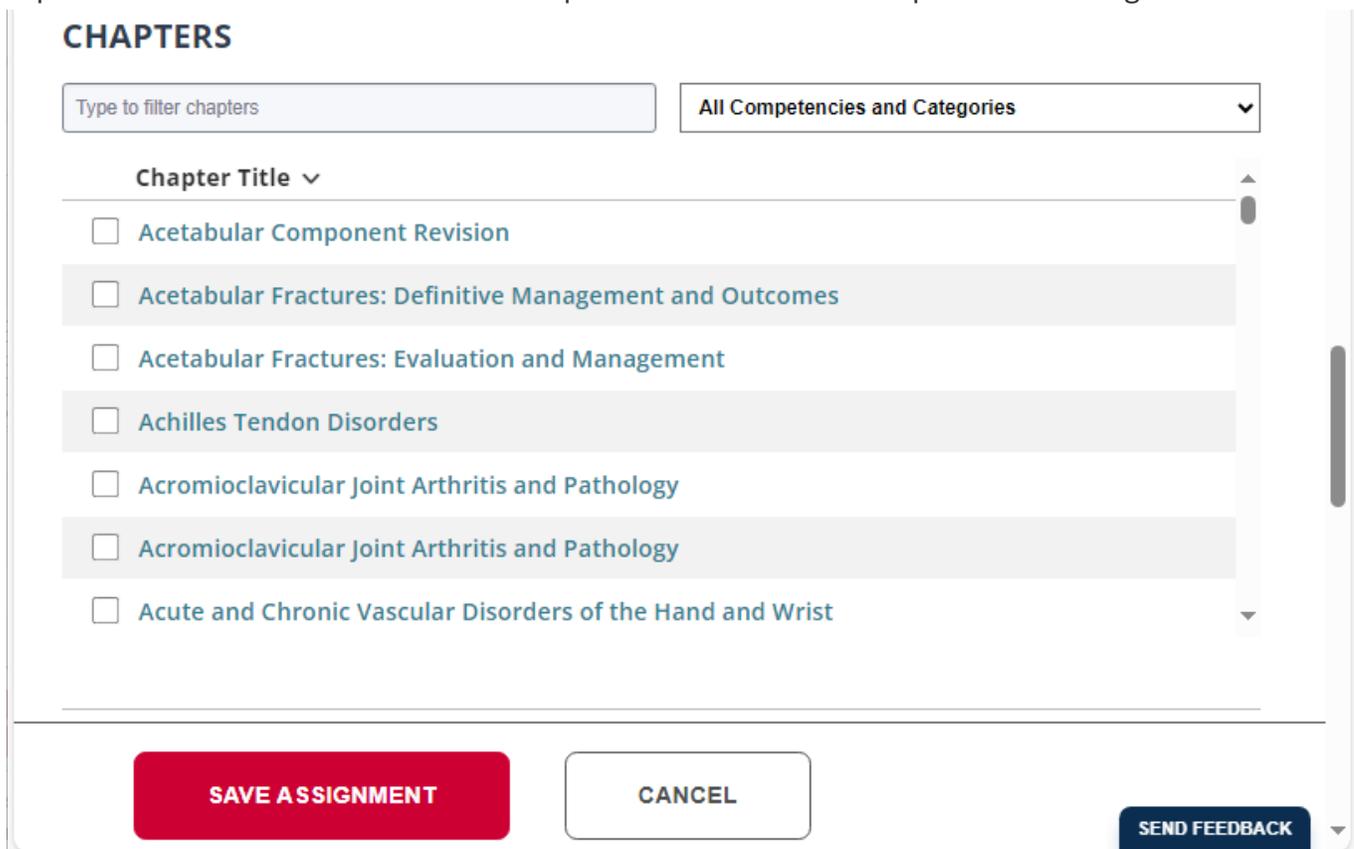

Last Name	First Name	Program Year
<input type="checkbox"/> Resident 1	ROCK	PGY-1
<input type="checkbox"/> Resident 2	ROCK	PGY-2
<input type="checkbox"/> Resident 3	ROCK	PGY-3
<input type="checkbox"/> Resident 4	ROCK	PGY-4
<input type="checkbox"/> Resident 5	ROCK	PGY-5

SAVE ASSIGNMENT CANCEL SEND FEEDBACK

Next, select the chapters to assign.

By default, the chapters are sorted alphabetically. To search for specific chapters, enter keywords in the search box or select a subspecialty and section, which can also be viewed in the table of contents.

Tap or click the check box next to the chapter title to select the chapter for the assignment.

CHAPTERS

Type to filter chapters

All Competencies and Categories

Chapter Title

- Acetabular Component Revision
- Acetabular Fractures: Definitive Management and Outcomes
- Acetabular Fractures: Evaluation and Management
- Achilles Tendon Disorders
- Acromioclavicular Joint Arthritis and Pathology
- Acromioclavicular Joint Arthritis and Pathology
- Acute and Chronic Vascular Disorders of the Hand and Wrist

SAVE A SSIGNMENT CANCEL SEND FEEDBACK

Next, select any videos preferred for the assignment.

By default, the videos are sorted alphabetically. To search for specific videos, enter keywords into the search box or select by subspecialty. Tap or click the check box next to the video title to select it for the assignment. For both videos and chapters, you may select multiple.

The screenshot shows a 'VIDEOS' selection interface. At the top, there is a search box labeled 'Type to filter videos' and a dropdown menu for 'All Categories'. Below this is a list of video titles, each with a checkbox. The first two titles, 'Midfoot Arthrodesis: The Grand Rapids Technique' and 'Midfoot Charcot', have their checkboxes checked. The other titles are '21 Point Arthroscopic Examination of the Ankle', '3D Fluoroscopic Imaging / Intra-Op CT with Navigation', and 'A Simple, Stepwise, Outside-in Technique for Lateral Retinacular Release for Management of'. At the bottom of the interface, there are three buttons: a red 'SAVE ASSIGNMENT' button, a white 'CANCEL' button, and a dark blue 'SEND FEEDBACK' button.

Next, if there are items you wish to include from your local server or network or online, in the External Resources section in the Study Material box, enter a description of the material and then include a link to that document or article or online resource.

The screenshot shows the 'EXTERNAL RESOURCES' section. It has two columns: 'Study Material:' and 'URL:'. Under 'Study Material:', there is a text input field containing 'Link text'. Under 'URL:', there is a text input field containing 'https://example.com'. To the right of the URL field is a red 'DELETE' button with a trash icon. Below the input fields is a white 'ADD RESOURCE' button with a plus icon.

Finally, select the Save Assignment button to save and assign the assignment just created.

This is a close-up of the 'SAVE ASSIGNMENT' button, which is red with white text. A mouse cursor is pointing at the button. To its right is a white 'CANCEL' button with a grey border.

Now the assignment just created will appear in the My Assignments tab for the Program Director, Coordinator, and for any residents to whom the assignment is assigned.

Follow up on resident progress on the Additional Assignments by viewing the Resident Activity Report in the Performance Dashboard.
